PrecisionTRAK

Why Use PrecisionTRAK?

- ▶ **We understand your needs**
With many years of carpet cleaning experience to draw upon, we know the industry and what it takes to run a successful carpet cleaning business. We provide you with the tools necessary for you to succeed.
- ▶ **Simple and easy to use**
PrecisionTRAK is extremely easy to learn and use. We've designed an intuitive user interface and sensible layout that even the novice computer will enjoy.
- ▶ **Save time and effort**
We have streamlined common business tasks which make it exceptionally quick to perform your daily business tasks. Therefore, you can concentrate on what you do best - making money!
- ▶ **Target Marketing**
Using built in and custom templates, you can create your own marketing campaigns. Ensure you remain in front of your prospects and customers by using any combination of data filters for precise target marketing.
- ▶ **Easily Accessible and Responsive**
Your satisfaction is our #1 concern. The PrecisionTRAK Support Team answers emails 24 hours a day. Along with our free phone support and online support forums, you can rest assured that you will get the support you need, when you need it.
- ▶ **Become a part of our Team**
As a PrecisionTRAK subscriber, you will participate in the evolution of PrecisionTRAK. How many other software companies allow you to have a say in how their program is designed? This is your chance!
- ▶ **Try Before You Buy**
We encourage you to try PrecisionTRAK for FREE for 60 days. If you like our service, sign up. If you don't, tell us what we can do to make PrecisionTRAK work for you. We really do listen to our customers and will do everything in our power to make PrecisionTRAK the BEST solution available.
- ▶ **Value**
PrecisionTRAK gives you an incredible number of features for an unbelievable price. With no major up front investment, we give you the time to evaluate our service and decide if it's right for you. In addition, there are no additional costs for new features in the future. You will always be working with the latest version as we consider updates a standard part of product evolution, not a scheme to generate additional income.

PrecisionTRAK is a new concept in software design, an application that evolves based on the needs of our customers. Software that enhances the ability to service customers, manages business tasks, communicate with staff, and maintains continual relationships with customers, all with a positive effect on the bottom line.
